April 4, 2017

Stoneco's Natural Landscape Boulders are produced from a virgin sand and gravel source that contains no contaminants.

Gradations are performed visually to certify material.

Stoneco of Michigan is proud to be a supplier of quality aggregates to the construction industry. I trust the above information will meet your requirements.

If you require any further information, please feel free to contact me, 734-770-0035.

Sincere regards,

Austin Fisher,
Quality Control Manager
